DETAILED ACTION

- 1. This Office Action is the answer to an IDS received on 7/23/2004, which paper has been placed of record in the file.
- 2. Claims 1-6 are pending in this application.

Drawings

3. The submitted drawings are acceptable for examining purposes.

Claim Rejections - 35 USC § 112

4. Claims 1-6 are rejected under 35 U.S.C. 112, first paragraph, as based on a disclosure which is not enabling. A key limitation in independent claim 1 says "switchover means for selecting one of modes for navigation mode for displaying navigation image provided by the map image data means and non-navigation mode for displaying non-navigation image provided by the non-navigation data mean; and processor means for displaying said" this is critical or essential to the practice of the invention, but not included in the claims is not enabled by the disclosure. See *In re Mayhew*, 527 F.2d 1229, 188 USPQ 356 (CCPA 1976).

In other words, Applicants claim about "switch over means for selecting one of modes for ... displaying images..." the specification does not support that limitation; the examiner only see a disclosure that "selecting" or "switch over" <u>functions</u> can be made.

This is a core/key concept of this claimed invention – other dependent claims are rejected with the same rationale because they inherit that same defective from their parent claim 1

Conclusions

5. The prior art made of record, which are listed in PTO-892, and not relied upon are considered pertinent to applicants' disclosure.

Application Serial No. 10/800,667 Art Unit 3661

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to CUONG H. NGUYEN whose telephone number is 571-272-6759. The examiner can normally be reached on 9:00 am - 5:30 pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, THOMAS G. BLACK can be reached on 571-272-6956. The Rightfax number for the organization where this application is assigned is 571-273-6759.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).

Please provide support, with page and line numbers, for any amended or new claim in an effort to help advance prosecution; otherwise any new claim language that is introduced in an amended or new claim may be considered as new matter, especially if the Application is a Jumbo Application.
